

University Placement Services

Spesso ci si chiede: E' possibile seguire un Corso universitario all'estero? Quanto mi può costare ? Quali sono le università più vantaggiose ed i requisiti per accedervi? Come risolvere il problema dell'iscrizione e dell'alloggio? Chi mi può aiutare e consigliare?

Un periodo di studi in un' Università partner all'estero è davvero un'occasione di arricchimento nel proprio percorso formativo che un numero sempre maggiore di studenti coglie al volo! Seguire corsi e sostenere esami, o preparare la tesi di laurea, presso una sede straniera, che vengono riconosciuti e diventano parte integrante del piano di studi dello studente, consente ai giovani di percepire direttamente la dimensione europea dell'istruzione e di muoversi con disinvoltura fuori dei propri confini.

La Easy London crede fortemente nel valore di questa esperienza e vuole facilitare la partecipazione dei suoi studenti ad un'esperienza unica:

Academically it is already 2008 and the world of careers is becoming more and more global. English is moving across the planet as the number one intercontinental language and those who learn it well have a definite advantage. But there are many people who are studying English in addition to other professional specializations. Now that EU citizens can attend UK colleges and universities at the same prices as British students, many proactive thinkers are leaving countries such as Italy in order to go to the UK to attain more international educations.

EUROPEANIZATION and GLOBALIZATION

Of course there are many fine schools in Italy and other European countries, but studying in the UK, the USA, or even Asia can provide the extra advantage needed to succeed in this modern competitive world. ESL TRAINING: Do you know the official European level for your English? In addition to providing excellent ESL training, we also provide testing both orally and written to help determine the levels of our clients' English in accordance with the new EU levels for measuring English fluency.

EU Levels :The Common European Framework divides learners into three broad divisions which can be divided into six levels:

- A Basic User **A1** Breakthrough **A2** Waystage
- B Independent User **B1** Threshold **B2** Vantage
- C Proficient User **C1** Effective Operational Proficiency **C2** Mastery

The CEFR describes what a learner is supposed to be able to do in reading, listening, speaking and writing at each level, in details:

level	Description
A1	Can understand and use familiar everyday expressions and very basic phrases aimed at the satisfaction of needs of a concrete type. Can introduce him/herself and others and can ask and answer questions about personal details such as where

- he/she lives, people he/she knows and things he/she has. Can interact in a simple way provided the other person talks slowly and clearly and is prepared to help.
- A2** Can understand sentences and frequently used expressions related to areas of most immediate relevance (e.g. very basic personal and family information, shopping, local geography, employment). Can communicate in simple and routine tasks requiring a simple and direct exchange of information on familiar and routine matters. - B2** Can understand the main ideas of complex text on both concrete and abstract topics, including technical discussions in his/her field of specialization. Can interact with a degree of fluency and spontaneity that makes regular interaction with native speakers quite possible without strain for either party. - C1** Can understand a wide range of demanding, longer texts, and recognize implicit meaning. Can express him/herself fluently and spontaneously without much obvious searching for expressions.
